The U.S. Environmental Protection Agency (EPA), through its contractor, Ecology and Environment, Inc., conducted a Site Inspection at the Gorst Creek/Bremerton Auto Wrecking Landfill site in Bremerton, Washington. A copy of the report is enclosed.

EPA is currently evaluating this report to determine if further action under CERCLA is warranted. If you have any questions, I can be reached at (206)553-2594.

Sincerely,

Joanne LaBaw
Site Assessment Manager
